

## Join us in prayer

It is now more than 12 months since Louth Churches for Refugees welcomed a resettled family to Louth. This means that it is time to think about our future. We have an on-going responsibility for this family because we undertook to care for them until they are fully settled-in. This is also the time we need your assistance.

As we consider the future should we plan to bring another family to this area? Is there another house which will be suitable for the next family? Where can we find sufficient volunteers to help another family? How can we raise the necessary funds to finance such a plan? Can we share our hopes and resources with two families? Should we only concentrate on the current family because of covid-19 restrictions?

The trustees of Louth Churches for Refugees ask you to pray for us and our family. We would like you to remember these questions in your prayers so that we will go into the future with God's guidance.

On Radio 4's Thought for the Day I heard someone say that we should ask God for specific guidance rather than just asking for unspecified "help". That makes sense. At this stage we may not know exactly what we do need, but we do know that we need God to guide our future as we have been guided so far. The apostles and other church leaders asked for God's guidance as to their travels and their successors; specific questions asked of God.

Watch out for details of an open meeting when you will be invited to attend and offer your advice and help. Follow us on Facebook for our latest news:
